OFFICE OF THE DIRECTOR OF INDUSTRIES AND COMMERCE.

(Camp) Mysore. Bangalore, 10th October 192 2

HON. & REV. SECRETARY
12 OCT 1922
INDUSTRIES & COMMERCE

My dear Sir

In accordance with the decision arrived at during your inspection of the Chamarajendra Technical Institute and the Exhibition Buildings, with the Agent, Mysore Railways, The President, Mysore City municipality, the Inspector-General of Education and myself, I beg to enclose herewith ~~statement~~ a sketch showing the allotment of rooms in the Chamarajendra Technical Institute as agreed to by the various officers concerned. It is proposed to make one portion of the ground floor available for the Education Department and the rooms at the end to the Ayurvedic College. The Commercial Museum will be located in the up-stairs of the Chamarajendra Technical Institute and the show room will be next to it so that the two in conjunction will give a good idea of Mysore Art Industries.

In the informal discussion that took place on the 7th instant it was arranged that the entire block on the left hand side together with the rooms connecting the 2 sides should be given to the Railway Department for the Audit Office, the block on the right with the central pavilion for the Sericultural Department - the oil mill to be located in the Education Court, but I understand that the Auditor, Mysore Railways considers that the central pavilion is also necessary and has arranged with the Superintendent of Sericulture to take it giving some of the rooms in the

G.

(

the main block. The 2 Departments concerned may make the necessary adjustment to suit their convenience. I am taking steps to remove the Commercial Museum and the Superintendent's Office so that the buildings may be available for the Railway office as soon as Government pass orders in the matter.

The Department of Industries and Commerce will have under its control the machinery shed shown as the Industrial Museum in the Sketch of the Exhibition Buildings and the Education Court shown as the Drama Shed in the same ~~shed~~ Sketch. It is necessary for the Department to retain both of these. I have already addressed Government regarding the location of the oil mill temporarily in the Drama Shed in preference to the Machinery shed.

I beg that Government orders may be passed approving of the allotment of rooms as now proposed in the Chamarajendra Technical Institute and the main division of the Exhibition Building between the Railway and the Sericultural Departments, the buildings to be transferred to their control, the Department of Industries and Commerce retaining the machinery shed and the Education Court.

Yours sincerely

Rajamantra Pravina

1) The details given in the Director's letter attached hereto are in accordance with the understanding arrived at on the 7th instt. Orders may issue accordingly.

I presume that the Inspector of Schools will send in his report on the matter to the Director of Agriculture. In any case, it is best that the Director of Agriculture is kept informed. The Inspector of Schools was present at the inspection & expressed his acquiescence to the allocation of accommodation proposed.
